### Encouragement and Healing from Someone Who Knows

Over 40 million Americans battle anxiety disorders each year. Pierce Taylor Hibbs is among them. But he’s also a passionate follower of Jesus Christ and has worked for years to understand his anxiety in the context of his faith. In *Struck Down but Not Destroyed*, he sets out his story within a biblical worldview, giving readers resources along the way. With a heart that is sympathetic, pastoral, and even poetic, he leads readers to see that anxiety, like all suffering, can be a mighty tool in the hands of God. Living *with* it and learning *from* it might do far more for our spiritual lives than we ever dreamed.

**“Anxiety can be a tool in the hands of God.”**

#### About the Author

Pierce Taylor Hibbs (MAR, ThM Westminster Theological Seminary) is an award-winning Christian wordsmith who strives to draw readers into the presence of God. He’s also suffered from an anxiety disorder for over a decade and offers theological insight and encouragement from a first-person perspective.
